TAFT STRONGHOLD

Ohio Elected 815 Delegates in the Primaries.

FORTY-SIX TO CONVENTION

Foraker Not in it For a Moment—The Supreme Court Destroyed All His Chances in Cuyahoga County—Selection Delegates Went by Default.

COLUMBUS, Feb. 11.—The net result of the Republican primaries held throughout Ohio today was in favor of Taft. Four delegates at large, 22 district delegates to the national convention and a list of delegates to the state convention to be held March 3, which will be unanimously in his favor were selected. No opposition worth mentioning developed during the day. The supreme court destroyed all chances of the Foraker element in Cuyahoga county by declaring Taft county committee was the only organization in that county and the selection of delegates went by default, not a ticket being placed in the field against the Taft candidates. In Knox county the opposition to Taft brought an "Independent" ticket into the field, but the "Independents" were all Foraker men. The Taft candidates won easily, the vote being four to one in their favor. Taft's manager, Arthur I. Vorhys tonight issued a statement declaring Ohio to be for Taft, the result of the primaries today completing the demonstration. He says the state convention will be unanimous for Taft, for every one. He says, of the 815 delegates is for and pledged for Taft. Unanimity, Vorhys asserts, demonstrates that everyone of the 46 delegates to the national convention will be for Taft.

CHICAGO, Feb. 11.—A despatch to the Record Herald from Geneva, Ill., says:

In its report to the circuit court, handed in yesterday the Cane county grand jury said: "In view of the present widespread agitation upon the saloon question, this grand jury feels it a duty to report that in many cases brought before us a few drinks of liquor have preceded the trouble. The expenses of this jury, of the state's attorneys and stenographers, together with the court expenses which must follow in order to adequately punish the men we have indicted, therefore, apparently flow, in great measure from the presence of saloons open to young men who do not know how to restrain themselves. "This grand jury offers no advice, but desires only to call attention to the waste of time and taxes for caring for petty crime, whose immediate source seems to be the open saloon."
